

Sunset House Reopening January 2022

On November 20, 2021 the Cayman Islands moved into Phase 4 of the border reopening plan, which lifted the quarantine requirements for vaccinated travellers. Sunset House will reopen **January 2022**. We are hoping that by opening in January it will have given the government time to work out possible issues and put the Cayman Islands closer to Phase 5.

Phase 5 will remove the current lateral flow test requirement for vaccinated travellers during their stay and will allow unvaccinated children under the age of 12 to enter without quarantine.

We are actively taking reservations for 2022. Please contact [reservations@ sunsethouse.com](mailto:reservations@sunsethouse.com) or call 1 800 854 4767 weekdays between 10am-2pm.

For more information about vaccination requirements, quarantine etc. please visit the visit the [Cayman Islands official website](#).
